HOMEGROUP HAPPENINGS!

Measuring Mass
We learnt that when you weigh objects with your hands its called ‘hefting’. Grade F/1
This week we weighed different objects with our hands and with scales to tell which was heavier.

On Thursday the 7th of August we went to Darnum. We had a science day. I did balloon rockets. We put balloons on a string and let it go. It went really far and Nilma came second because of me.

I did Japanese. We made teero teero bozo which is a doll made out of tissue paper. They are for good weather. At snack and lunch I played with Corey. Corey and I went down the big slide and I got really dirty.

At lunch I walked around the school to see what was there and it was a great school. By Bailey

PMP
Every Tuesday afternoon the Grade 5’s do PMP with the 1Fs and 321s. We do all different types of sports like football and basketball.

You will never know what I did last Thursday? I went to Darnum for Group Day. I was group in 3B. Our first activity was “Unshaken” where we listen to Geoff about his story where he had to go to the doctor because he felt shaky because he had Parkinson’s disease. He told us about his life. Bailey D

My day at W.R.C was awesome! When I got there the first thing I did was go to the Flexible Learning Centre. When I got there I put my bag in a room and went and saw Meg G. and Tahlia. Then we had to go into groups. I was the only Nilma student in my group. We had to pick a year 10 student to go with us on the Amazing Race. We picked Abbey, she was awesome and fun. Then we did the Amazing Race where they gave us a map of the school. It was an awesome day! By Astrid

You will never guess what I did last Thursday? I went to Darnum for a Group Day. We got dropped off and had to go and put our bag in our classroom and go outside until the bell went. We had to go to the courtyard to line up in our groups. My group was 4B. Our first activity was with Geoff in “Unshaken”. He told us about his disease which was called Parkinson’s disease which is when you feel a little bit shaky. Our second activity was the Sustainability Trailer where we learnt how solar panels work. Vietnamese Rice Paper Rolls

Fresh from the garden: Asian greens, carrots, coriander, cucumber, eggs, garlic, lime, Thai basil/Vietnamese mint
Recipe Source: Stephanie Alexander Kitchen Garden Foundation

Being able to make rice paper rolls is a good skill to have – it might take a bit of practice at first but you’ll quickly get the hang of folding the rice paper over the ingredients so it’s firm but doesn’t rip. Dipping sauces are also really easy to make – just remember to try to balance the flavour so it’s not too salty, not too sweet.

Equipment:
- medium saucepan
- colander
- knives – 1 large, 1 small
- chopping boards
- measured spoons
- 2 medium mixing bowls
- mixing spoon
- whisk
- egg flip
- large plate to serve
- citrus juicer
- garlic press
- 6 clean tea towels
- small serving bowl
- serving tray

Ingredients:
- 120 g vermicelli noodles
- 250 g firm tofu
- 3 teaspoons soy sauce
- 2 teaspoons fish sauce
- 1 teaspoon palm sugar
- 2 eggs
- 2 tablespoons sunflower oil
- 2 large or 4 small cucumbers
- 1 large or 2 small carrots
- Asian greens
- 1 cup Thai basil/Vietnamese mint leaves
- 1 cup coriander leaves
- handful of bean sprouts
- 24 small rice papers

For the dipping sauce:
- 1 clove of garlic
- 1 lime
- 1 tablespoon fish sauce
- 2 tablespoons tamarind sugar
- tiny drop of chilli sauce

What to do:
- Cook the vermicelli by adding it to a pot of boiling water for 3 minutes, then drain and allow to cool.
- Slice the tofu into long, thin slices – about 5 mm thick by 50 mm long.
- Mix together 2 teaspoons of soy sauce, 1 teaspoon of fish sauce and 1 teaspoon of palm sugar. Marinate the tofu in this mixture.
- Whisk the eggs in a bowl with a splash of soy sauce and fish sauce.
- Put the work onto high heat and add the peanut oil. Pour the egg mix into the hot work and cook on a high heat until the mix cooks through and looks like a big clump. Remove from the work, place on the chopping board and slice into long slices.
- Finely slice the cucumbers, carrot and spring onions to the same thickness as the tofu.
- Place a rice paper wrapper on a tea towel and sprinkle lightly with water. Rub the water all over the paper.
- Onto the rice paper place a small amount of vermicelli noodles, then a small amount of each ingredient. Roll over once, tuck the loosen ends into the roll and then roll up. Stack the rice paper rolls onto your serving tray.
- For the dipping sauce, first crush the garlic and juice the lime. Mix all the dipping sauce ingredients together. Serve in a small bowl alongside the rice paper rolls.
HOOPTIME– YEAR 5 and 6
This competition will be held at the Warragul Leisure Centre and parents are to drop students at the venue at 9.00am and pick up from the venue at 2.30pm.

SOMERS CAMP
Jack Chesterfield, Shakira Kimm and James Dungey will be attending the Somers Camp from 7th Oct to 15th October 2014. Permission forms and information regarding this camp were sent home yesterday, and must be returned to school with payment by Friday 22nd August. The Somers Camp is a bi-annual nine day outdoor education program for selected students in Year 5 & 6.

BOOKCLUB
Attached to the newsletter are Bookclub Orders. Please return all orders with correct payment by next Thursday 21st August. Late orders cannot be accepted.

PEER SUPPORT PROGRAM—BUDDIES IN ICT!
An important part of your child’s confidential school records is an up to date medical management plan (if required by your child). These forms are sent out each year in the Annual Permission Booklet which is sent home in term 1 but we understand that things may change throughout the year. It is important that the school is notified straight away regarding any changes to your child’s medical condition and/or management plans and also if your child is taking regular medication either at home (this is for emergency purposes, in the event that we have to contact an ambulance, so we can let the officers know what medication your child takes) or at school. Some of these plans are required to be accompanied by a plan from your child’s doctor or specialist in some circumstances and must be in writing. If you would like to discuss these matters further or have any questions please speak to the office or to Annette.

All the information provided to the school regarding your child’s medical requirements is confidential.

**ABSENCES**

All absences are recorded and kept in our school data base. For record keeping purposes all absences must be explained by parents. A note or absence slip must be filled out and returned to school once your child has returned to school. A note in your child’s diary is not able to be kept as a record. A phone call is also appreciated but a note/slip must also be sent to school. A phone call to parents is made after a child has not been absent for 3 days without notification from parents.

**SCHOOL CAMPS 2015**

As of 2015, the Mount Worth Cluster will be considering a change to our camping schedule due to an increase in numbers in the cluster. We will be considering a Year 4/3 camp and a Year 6/5 camp schedule. If you have any ideas or feedback for School Council, please don’t hesitate to speak to Annette.
STUDENT LEADERSHIP

This week in Student Leadership we practiced skills for public speaking. Some of the things we decided were important are: having confidence, being brave, trusting the audience, thinking on the go, standing up confidently. Some of the surprise topics we about were; “the beach”, jelly, trees, pasta and siblings. We had one minute to talk without practicing. Everybody did a really good job. We learnt to slow down and take time to think and make eye contact with the audience. We all found areas we can improve on, and areas we are good at.
By Shakira, Kylie, Shelley and Jack C.

CHAPLAIN’S CHAT WITH GLENDRA

We are having a look at several key areas that help us have good mental health. Last week we discussed being connected. Today we will talk about “Wellbeing and satisfaction”.

This is about how we feel, what we believe, our attitudes and values.

We can ask ourselves several questions to help recognize areas we may need to pay more attention to.

Am I satisfied with myself?
Do I have good friendships that encourage me and help me to make good life choices?
Am I able to accept change in a positive way?
Can I make decisions, or do I procrastinate and put things off?
How do I stay safe?
How do I take risks?
Why do I live where I am?
Are there things in my life that need to change, and if so, how can this happen?
Do I have a sense of purpose and meaning?
What are my goals in life?
Do I have goals?
How do I set goals?
Why should I set goals?

All these are good questions to ask ourselves from time to time. Some of us will be well along the track to a sense of satisfaction and feeling good about our life. Some of us may be like just a seed or small shoot coming up full of life and potential, but just starting to take notice of these things.

I encourage you to have a good “self talk”, and see how you are progressing. If you would like to talk about these ideas, feel free to pop in and see me, or go and see a trusted professional or friend to discuss how you are doing in these areas.
ART ROOM REWARDS!

REWARD DAYS IN THE ART ROOM AT NILMA!

Most exciting news! All the class REAL reward charts in the Art room are just about full. As such I have asked the students what they would like to do as a class reward. Overwhelmingly, I have been asked to view a film and free choice in Art Activities. Two of the movies I have for the students are ‘Frozen’ and ‘The Lego Movie’. Ultimately your child/ren will see one of these PG Rated movies.

Thankyou, Meredith Krygger

Turn off the TV – it makes you healthier!

In February 2014, the Department of Health released the new and updated Physical Activity and Sedentary Behaviour Guidelines. To read more about the new guidelines go to:

In summary:

- Children (5–17 years) should accumulate at least 60 minutes of moderate to vigorous intensity physical activity every day
- Adults (18–64 years) should accumulate 150 to 300 minutes (2 ½ to 5 hours) of moderate intensity physical activity or 75 to 150 minutes (1 ¾ to 2 ½ hours) of vigorous intensity physical activity, or an equivalent combination of both moderate and vigorous activities, each week

Too busy to find time to exercise? Turn off the TV!

New research has shown that people who exercise more, spend less time watching TV and playing videogames.

For more information:
