CUPPA FOR HEART KIDS CELEBRATION
Thankyou to Bakers’s Delight, Aperloo’s Bakery and Warragul Hot Bake for donating the afternoon tea for our ‘Cuppa for Heartkids and Mad Hatters tea party’ which was held yesterday. The school raised $150 which will be sent to the Heart kids foundation. A huge thankyou to Lisa Giblin for organising this event.

JAPANESE COOKING
Thanks to Shiori for organising the whole school cooking day yesterday with Mrs Hodge and Ebony, our work experience student from Marist. I’m sure kids went home with a belly full of curry chicken and vegetables or rice balls. It was delicious! Mrs Hodge has the recipes if you would like them.

SCHOOL COUNCIL MEETING
The next School Council meeting will be held on Tuesday 17th September at 1.45pm at the school.

HATS
All students are expected to wear hats for the remainder of the year. New hats can be purchased from Hip Pocket, Queen Street Warragul.

COMMUNICATING WITH SCHOOL
Could parents please be advised that if they wish to contact the school, they are to use the phone number 56 232963. Please do not use our fax number which is 56 232970, as this number will automatically go to our voice mail. Sorry for any inconvenience.

PATHWAY TO SCHOOL
The Baw Baw Shire will be fixing pathway from Nilma to school over the next week! The pathway will be extended to Drummond St so prams will be able to be pushed along the pathway and not on the road.

BIKE EDUCATION CHALLENGE—LARDNER
The Bike Ed Challenge will be on Thursday 19th September at Lardner Park. Permission forms and travel forms must be returned by next Tuesday 18th September. Students will be departing the school at 9.00am and returning approximately 12.30pm. Children will be required to supply own lunch this year. The school will transport bikes to and from the venue. If any parent has a trailer—could they let Ms S know. We will be having 2 teams compete in the Bike Education Challenge. Teams consist of 8 students (3—year 6 student, 3—year 5 students and 2—year 4 students. 4 girls and 4 boys) Students will be selected on Friday and permission forms will be sent home tomorrow. Can any parent help with transport please. Bike check at 10.00am, course practice at 10.30am and test at 11.00am. Goodluck Nilma!

BIKE EDUCATION CHALLENGE—Nilma
We will also be having the traditional Nilma Primary School Bike Education Challenge for all year 4, 5 and 6 students. All students will compete over the 10 areas of the school Bike Education Course, students will receive scores for successful completion of tasks. We will have 6 champions—year 4, 5 and 6 best boy and girl—This event will take place at school on Thursday 19th September, in the afternoon. If any parent may like to be a steward for the afternoon—please let Ms Sutherland know.

All bikes can be taken home on Thursday 19th September—completion of the program.

HEALTHY RELATIONSHIPS PROGRAM
It was great to see parents attending the parent information session for the year 5 and 6 healthy relationship program, presented by Rosemary Vary—about. Adolescent health nurse from Neerim District Secondary College. Students participated in the student program today. Families will have lots to talk about.

**Japanese Cooking/Crazy Hat Day**

We made rice balls. We had to wet our hands and then roll the balls and we got to eat them. I liked them. Kiara

**Yesterday we got to make rice balls, we put flavours in them and didn’t have to wait until they got cooked. There was also normal flavoured rice. Then we got to eat them. Kiandra**

I wore a DC hat with a scientist wig and I thought it was really funny because I looked like a scientist. Riley

**In Japanese we made rice balls and they were yum. We made different flavours. Ashton**

Yesterday we had crazy hat day for Heart Kids. I wore a DC hat and Daniel wore a curly wig with a normal hat on top. We had afternoon tea after the parade. Mitch

**Bike Education**

We have been practising for bike education. The bike education challenge is next Thursday. We have been practising the figure of 8 and going over a piece of wood. I am best at figure of 8. I hope I get into the team. If I get in this year I will take my time doing the 10 second box as last year I just rode through it. By Savanna

Practising for the bike education challenging is fun. We get to ride through the whole school. My favourite is going over the bump. The hardest one is the bump. I really hope I get into the team as I have been practising at home as well. By Dominick.
Hey Guys!!! What a busy week we are having! In our biggest news the DISCO is coming up in exactly one week! We hope you are all very excited, and ready for a fun night. Please see the note in the newsletter for more info.

'Learners For Life'
Minimum Period of Exclusion from Primary Schools and Children’s Services Centres for Infectious Diseases Cases and Contacts

Statutory Rule
A person in charge of a primary school or children’s services centre must not allow a child to attend the primary school or children’s services centre for the period or in the circumstances:
(a) specified in column 2 of the Table in Schedule 7 if the person in charge has been informed that the child is infected with an infectious disease listed in column 1 of the Table in Schedule 7; or
(b) specified in column 3 of the Table in Schedule 7 if the person in charge has been informed that the child has been in contact with a person who is infected with an infectious disease listed in column 1 of the Table in Schedule 7.

The person in charge of a primary school or children’s services centre, when directed to do so by the Secretary, must ensure that a child enrolled at the primary school or children’s services centre who is not immunised against a vaccine preventable disease (VPD) specified by the Secretary in that direction, does not attend the school or centre until the Secretary directs that such attendance can be resumed. (Note—VPDs are marked in the table with an asterisk (*). Contact the Department on 1300 651 160 for further advice about exclusion and these diseases.)

Schedule 7 — Minimum Period of Exclusion from Primary Schools and Children’s Services Centres for Infectious Diseases Cases and Contacts (Public Health and Wellbeing Regulations 2009)

January 2010

Department of Health
There are many places to cycle off-road such as footpaths (where legal), bicycle paths, shared footways and bush tracks. These places are used by lots of people for different purposes, so your child needs to learn how to share the path with other users.

As part of the Bike Ed program, your child has been learning about riding safely, looking out for hazards, and sharing the path with other users. Many crashes involving children occur off-road where children believe they are safe. When children are playing or cycling with their friends, their concentration may be poor and their cycling behaviour unsteady. Encourage your child to act responsibly and think for themselves, and not just follow the group.

**Courtesy on paths**

When riding on paths, there are rules that need to be followed for everyone's safety:
- Keep to the left of the path;
- Don't ride too fast or do anything unexpected;
- Let others know that you are approaching by using your bell or calling out;
- Give way to pedestrians;
- Obey signs along the path; and
- As a general rule, ride in single file, especially on shared footways. Ride in pairs only when the path is wide enough and when it is safe.

**Dangers on paths**

There are many dangers to watch out for. Here are a few common ones:
- Other path users. Be extra careful near small children or older people;
- Dogs or other animals;
- Driveways, laneways or places where the path crosses a road. When crossing a road, the rider should dismount and walk across; and
- Hazards such as changes in the surface of the path, steep hills, puddles, pot-holes, blind corners and broken glass.

**Places to ride**

It is legal to ride on the footpath in some parts of Australia. Contact your State or Territory traffic authority for details. There are also bicycle paths, shared footways, bush tracks and trails where you and your child can enjoy cycling. There are numerous books, brochures and maps that show places to ride. These are generally available from newspapers, bookstores, bicycling organisations, bicycle shops or your local council.

**Riding together**

Your child will become a more competent cyclist if you are actively involved and spend time helping them to develop their skills. If you ride with your child and show them correct and safe behaviour, you will turn an enjoyable activity into a valuable lesson.

**Suggested activities and ideas**

- A good way to practise the skills your child has learnt is to plan a ride using paths;
- Have an adventure. You could go to a new area that you haven't visited before with interesting things to see and explore;
- Ride together as a family and take a picnic with you. Ideally an adult should ride behind and in front of children or these rides. Encourage your child to take some photos, draw a picture or collect something of interest to take to school or the Bike Ed community centre for display;
- Go cycling with your child using paths, and stop to discuss potential hazards you see along the way. Also encourage courteous behaviour to other path users. Use the information on this sheet as a guide. After the ride you could work with your child to draw the bicycle path (or photocopy it from a map) and then draw and list hazards seen. These could be used for comparison and discussion during the Bike Ed program;
- Take a walk or a ride together along a path and count the number of dwellings, laneways or places where the path crosses the road. Talk about what this means for cyclists on the path and discuss possible dangers.

**Safety hints**

- Cyclists are more easily seen if they are wearing light or brightly coloured clothing;
- It is recommended that children under 9 years of age do not ride on the road without adult supervision;
- Protect your feet when you ride—don't ride barefoot or in sandals;
- Wear a helmet for all cycling activities. Helmets help protect cyclists from head injury and save lives.
Helmets help to protect cyclists from head injuries and save lives.

Except in the Northern Territory, it is compulsory to wear a bicycle helmet when riding a bicycle. There are fines for not wearing a helmet. In the Northern Territory, it is compulsory for those under 13 years of age to wear a helmet. For those over 12, it is compulsory only when riding on roads and off-road bicycle paths.

Approved bicycle helmets must carry the Australian StandardMark™ AS 2063.2 or AS/NZS 2063.

As part of the Bike Ed program, your child can get their bicycle helmet checked and have it adjusted for comfort and performance. The Bike Ed instructor should send you a bicycle helmet check sheet with information about correct fit and adjustment.

It is important that everyone wears a helmet when cycling both on and off roads. Your child will follow your example.

Buying a helmet

It is essential to buy a helmet that is the correct fit. Do not buy a helmet for your child to "grow into". Helmets come in a variety of shapes, sizes and colours, and some shapes will fit different heads better than others. A correctly fitted and securely adjusted helmet should not move. A helmet that does not fit correctly is unsafe as it may move or slip off in a fall or crash.

Let your child choose the helmet that they like, but ensure that it is the correct fit. Have the helmet fitted on the child in the shop. If your child chooses a helmet that they like, then they are more likely to wear it.

Optional extras such as covers and visors are also available from bicycle outlets.

Looking after helmets

The helmet must be in good condition if it is to protect the rider, and helmets should be checked regularly for damage. Helmets that have been thrown around or treated roughly may need to be replaced.

You can clean helmets with warm and mild soap. Don't use any other cleaning products as they may damage the helmet.

Suggested activities and ideas

- Your child can use the information in the Bicycle Helmet Check Sheet to check the helmets belonging to family members. Help them to design a safety certificate to be awarded to each helmet owner.
- Carry out a survey of bicycle helmet wearing by counting the number of cyclists seen riding with or without a helmet. This can be done while cycling, walking or travelling in a vehicle. This activity can be carried out on one or more occasions, and the results could be used for discussion and display during the Bike Ed program.
- Make a board game focusing on the key points your child has learned about bicycle helmets and bicycle safety. Make each space carry a message, for example, "You are not wearing a helmet — go back to the start", "Your brakes don't work — go back four spaces" or "You are seen riding in a brightly coloured T-shirt — have another turn".
- It is a good idea to keep your helmets with your bicycles to act as a helmet wearing reminder.
- Agree on a family cycling rule: "No helmet, no ride!"

Safety hints

Many crashes involving children occur off-road where children believe they are safe.

When children are playing or cycling with their friends, their concentration may be poor and their cycling behaviour unwise.

Wearing a cap under a helmet may affect the helmet fit and hence effectiveness. See the Bicycle Helmet Check Sheet for advice on correct fit.
